Ms. Courtney Avery, Administrator  
Illinois Health Facilities Planning Board  
525 West Jefferson Street  
Springfield, IL 62762

Dear Ms. Avery and Board Members:

My name is Carol Elliott and I am a lifelong resident and I also work in of Rochelle, IL. I am writing in support of the new skilled care nursing facility proposed to be built in our city.

My Mother recently a patient at a rehabilitation facility that was 15 miles away from Rochelle. She was referred by her Doctor and Rochelle Community Hospital to this facility as they did not feel her needs would be met by using the facilities in Rochelle. I work full time in Rochelle and spent a lot of time driving back and forth to visit her not to mention the cost of gas to drive that far several times a week. She would have had more visitors if she would have been able to stay in Rochelle. I also would have been able to visit and take her lunches and her favorite chocolate shake during my lunch break. It was very inconvenient having her in rehab out of town. She was also unhappy to be that far away from her family and friends.

The rehabilitation therapy and dementia care that will be offered will provide the growing aged population of our community with the care they deserve. This proposed project will allow more residents to remain in the Rochelle area near family and friends. I know many residents in our community are traveling between 15 and 30 miles for long term care and dementia care. Your positive consideration for Liberty Village of Rochelle as they apply for a Certificate of Need will be very much appreciated. Thank you for your assistance.

Yours Truly,  
Carol Elliott
